CONFLICT MINERALS STATEMENT

Lindsey Manufacturing Co, dba Lindsey Systems policy is to not use conflict minerals in our products. Conflict minerals include columbite-tantalite, cassiterite, wolframite, cobaltite-smaltite, and gold, sourced from the Democratic Republic of Congo or regions identified as conflict affected and high-risk areas, whose profit may be used to finance armed conflict and human rights abuses.

Lindsey Systems intends to comply fully with the requirements of Section 1502 of the Dodd-Frank Act, which requires the audit and disclosure of all sources of derivatives of conflict minerals within our supply chains.
