INTELLECTUAL PROPERTY

The following patents apply to the designated Lindsey System product category (ies):

US Patent number	Applicable Product Category
US-11680993-B2	Medium Voltage Sensors
US-D993927-S	Transmission line hardware
US-D994605-S	Transmission line hardware
US-11551835-B2	Transmission line hardware
US-11443155-B2	Sensors
US-11329404-B2	Medium Voltage Sensors
US-11085975-B2	Sensors
US-10983173-B2	Medium Voltage Sensors
US-10855107-B2	Transmission line rating system
US-10513867-B2	ERS
US-10476249-B2	Transmission line hardware
US-10031889-B2	Transmission line rating system
US-9784766-B2	Transmission line rating system
US-20140266237-A1	Transmission line rating system
US-8738318-B2	Transmission line rating system
US-20130191066-A1	Transmission line rating system
US-7633262-B2	Medium Voltage Sensors
US-6595323-B2	Line hardware
US-6555999-B1	Medium Voltage Sensors
US-20020066620-A1	Line hardware
US-5729888-A	Encapsulated vacuum switch
US-5698831-A	Encapsulated vacuum switch
US-4823022-A	Medium Voltage Sensors
US-4769959-A	ERS
US-4744695-A	Underground cable
US-4709125-A	Line hardware
US-4521198-A	ERS

US Patent number	Applicable Product Category
US-4301994-A	Line stringing equipment
US-4278237-A	Line stringing equipment
US-4160540-A	Line stringing equipment
US-4093183-A	Line stringing equipment
US-4018422-A	Line stringing equipment
US-3918685-A	Line stringing equipment
US-3889911-A	Line stringing equipment
US-3822862-A	Line stringing equipment
